

Production Specification :

Specifications of Aloe Vera Refined Gel		
Ingredient :	Nature Aloe Vera Refined Gel	
	Sugary :	No
	Water :	No
	Additive :	No
	Perservative :	Yes
Physical and Sensory Quality :	Type :	Unconcentrated liquid
	Appearance :	Transparent
	Color :	Colorless
	Flavore :	Natural, A little bitter
	Taste :	Natural
Chemical Quality :	Amount of suspended particles :	< 0.05%
	Size of suspended particles :	
	Dry residue (w/w%) :	0.7 - 1.5
	Density :	0.997 - 1.1
	Refractive Index (nD) :	1.330 - 1.339
	Purity :	100%
	PH :	3.5 - 5.5
	Microbiological test :	Total aerobic microbial count N<10
	Heavy metal :	As : ND Hg : ND Pb : ND Cd : ND Aflatoxins : total B ₂ - B ₁ - G ₂ - G ₁
Packaging :	Type :	20/220 liters in gallon
	Net Weight :	
	Total Weight :	
Storage :	Temperature :	In Fridge In 10-15 °C in summer
	Storage layout :	One row
	Shelf time :	10 Mos. from Production Date

Note : For Use In Juice Processing And Not For Direct Consumption.
For Use In Factories Producing Fruit Juice or Beverage.
For Use In Cosmetic / Disinfectant Products.
